

Introducing **PreventX 24/7** an all surface durable protection barrier that provides a final bacteriostatic finish on surfaces to impart long-lasting antimicrobial protection reducing corporate liability, making future cleanings easier, while extending the life of your surfaces.

Top benefits of long-lasting antimicrobial surface protection:

- An affordable, fast and convenient spray and wipe application that is available in concentrate up to 3X and in ready-to-use.
 - Independent studies have shown the active ingredient in **PreventX 24/7** to be effective against many organisms including, but not limited to Salmonella, E coli, Listeria, Noro Virus, a wide range of odor causing bacterial, and viral contaminants.
 - **PreventX 24/7** contains an EPA registered antimicrobial.
 - Typical disinfectants work while wet, but once the product dries there is no further protection and the treated surface is ready for re-contamination. **PreventX 24/7** will continue to protect your surfaces against germs, mold, and mildew for 30 to 90 days depending on surface use.
 - Reduces ATP scores for added safety compliance.
- Germs cannot thrive on a surface treated with **PreventX 24/7**.
 - **PreventX 24/7** Provides a protective finish that bonds to the surface, not destroyed by normal daily cleaning.
 - The antimicrobial technology built into **PreventX 24/7** provides continuous surface protection in between cleaning and disinfecting events.
 - Microscopic "carbon spikes" penetrate the cells and destroy the organisms.
 - **PreventX 24/7** environmental green technology is non-toxic, non-leaching, non-hazardous, and will not promote the growth of superbugs.
 - **PreventX 24/7** is approved for fabrics and so much more.
